

90W Kit for \$ ~~529.99~~ \$ 495.99

(Kit includes: 90W monocrystalline solar panel, charge controller, 400W DC/AC power inverter, mounting structure, connection cables) {Total PV output: 17.57 V, 5.12 Amps}

120W Kit for \$ ~~758.99~~ \$ 711.99

(Kit includes: 2x60W amorphous solar panels, charge controller, 400W DC/AC power inverter, mounting structure, connection cables) {Total PV output: 34.4 V, 3.49 Amps}

260W Kit for \$ ~~1135.99~~ \$ 1033.99

(Kit includes: 2x130W polycrystalline solar panels, charge controller, 400W DC/AC power inverter, mounting structure, connection cables) {Total PV output: 35.14 V, 7.4 Amps}

360W Kit for \$ ~~1498.99~~ \$ 1357.99

(Kit includes: 2x180W monocrystalline solar panels, charge controller, 800W DC/AC power inverter, mounting structure, connection cables) {Total PV output: 70.28 V, 5.12 Amps}

880W Kit for \$ ~~3287.99~~ \$ 2943.99

(Kit includes: 4x220W polycrystalline solar panels, charge controller, 2000W DC/AC power inverter, mounting structure, connection cables) {Total PV output: 117.12 V, 7.51 Amps}

130W Kit only for \$ ~~638.99~~ \$ 588.99

(Kit includes: 130W polycrystalline solar panel, charge controller, 400W DC/AC power inverter, mounting structure, connection cables) {Total PV output: 17.57 V, 7.4 Amps}
